

Lady Baltimore Cake

The Most Popular Cake This Season
By Mrs. Janet McKenzie Hill, Editor of
the Boston Cooking School Magazine

This is considered by many cooking authorities the finest cake that can be made, though in reality it is not at all difficult.

K C Lady Baltimore Cake
One cup butter; 2 cups granulated sugar; 1 cup milk; 1 teaspoonful rose water; 3½ cups flour; 3 level teaspoonfuls K C Baking Powder; whites of 6 eggs, beaten dry.

Cream the butter and beat in the sugar gradually. Sift together, three times, the flour and baking powder, and add to the butter and sugar, alternately with the milk and rose water. Lastly, add the egg whites. Bake in three-layer cake pans. Put the layers together with the following frosting.

Note—The cake is a large one and sells at Women's Exchanges for \$1.50.

Frosting for Lady Baltimore Cake
Three cups granulated sugar; 1 cup boiling water; whites of 2 eggs; 1 cup chopped raisins; 1 cup chopped nut-meats; 5 figs cut in thin slices.

Stir the sugar and water until the sugar is dissolved, then let boil without stirring until the syrup from a spoon will spin a long thread; pour upon the whites of the eggs, beaten dry, beating constantly meanwhile. Continue the beating until the frosting is cold; add the fruit and spread upon the cake.

The K C Cook's Book contains ninety just such delicious recipes—bread, muffins, cakes and pastry. You can secure a copy free by sending the certificate packed in every 25-cent can of K C Baking Powder to the JACOBS MFG. CO., Chicago. Small cans do not contain Cook's Book certificates.
